Description

We all know that when it comes to Keyboards Switches mean everything. So show there importance with this "Cruciform is My Co-Pilot!" applique from Performance-Pcs!

PPCs' killer new appliques are made from high quality vinyl and will give your case that little something extra. These can be placed anywhere you can think of, assuming there's space for it. Three steps -- Measure, order, install, *done.*

NOTE: Any of the metalized vinyls are 'directional' meaning they can only be cut for 'front-masking' as the back side is simply plain silver -- not the color on the other side like normal vinyl would be. If you order metalized material, it will be front-masked only.
