

XSPC EX240 Multiport Series Copper Dual-Fan Radiator

\$53.95

Product Images

Short Description

Introducing a new generation of performance PC radiators. The EX series combines the low profile design of our RS series radiators with the high performance of our award winning RX series. This feat has been possible due to several manufacturing advances including, split fins, improved soldering techniques, and welded seam tubes. The EX series has been designed and optimised for low speed fans, so it can offer high performance

cooling at very low noise levels.
