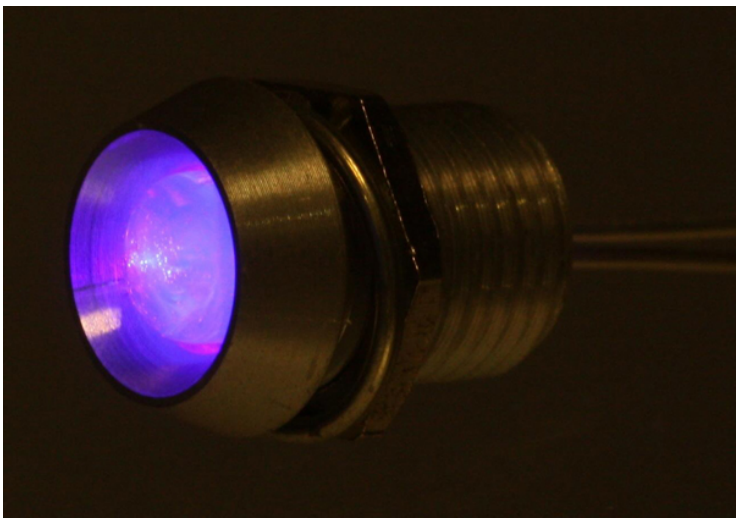
LAMPTRON

Lamptron LED Indicator - Recessed - Silver - UV

Special Price
$5.57 was
$7.95

Product Images



Short Description

This premium LED indicator from Lamptron is the perfect compliment for those that only want the best LED installation for their case. This is easy to install by drilling a single 8mm hole.

Manufactured from marine grade Aluminum Lamptron's extensive range of indicator LED's are designed for use in potentially hostile environments, such as access control applications or, in the case of modders, using these LED's for Power on, HDD activity or other custom indicating functions. LED price is for bare tails. You can also optionally select for us to add wire to 24", crimp 1x1 KK headers, and sleeve your cable in choice of colors. This makes for quick and clean installation!
