$59.99

Product Images

Short Description

Stylish, affordable and feature rich, the Thermaltake Commander Mid Tower is a great value to build your dream house. All black coating from inside out combined with meshed front panel adds overall quality and emits a high-end look.

Description

Stylish, affordable and feature rich, the Thermaltake Commander Mid Tower is a great value to build your dream house. All black coating from inside out combined with meshed front panel adds overall quality and emits a high-end look. A rear outtake fan and support for optional 3 fans help dissipate heat generated by internal components quickly and efficiently. A good list of features, such as front USB 3.0 access, up to 12.5" long graphic card support, cut-outs for cable management, tool-less mount for 5.25", 3.5" and floppy drives, 2.5" HDD & SSD compatibility, and bottom placed PSU with filter, make this chassis an excellent choice for your power house, whether you build it from ground up or relocate your existing system.

 eSPORTS extreme design now in white

 Bottom-placed PSU design for easy installation

 Supports high-end graphic cards up to 12.5"/32cm

 Rear 120mm silent fan with blue LED

 Built-in latest USB3.0 SuperSpeed internal header
