

Phobya 19/13mm (1/2-3/4") Compression Fitting G1/4 - Compact - Matte Black

\$6.99

Product Images

Short Description

Product Details:

Robust high-quality compression fitting with a cylindrical thread (1/4"). The hose is fixated by the union nut, immediately creating a safe seal, yet still allowing the union nut to be removed with one hand.

Ideal for systems with high flow rates and little space, such as Chipset cooling, graphics card cooling or DIY projects. This system ensures maximum safety and easy installation.

Specifications:

- Material: Brass (matte black)

- Dimensions: Total length: 27mm Outside diameter: 26.1mm
- Distance between end of union nut and bottom when mounted: 18mm
- Thread length: 5mm

Compatibility:
The 19/13mm fittings are compatible with 19/13mm and 19.1/12.7mm tubing,

Extent of delivery:
1x 19/13mm compression fitting G1/4" - knurled - matte black
