Focused on that single overriding need to have one powerful accessory that works with the products that keep you mobile; Notepal ERGO 360 incorporates the design and efficiency of our ergonomic laptop cooling stands with the versatility of a tablet stand into one easy to use product. It is an ergonomic laptop cooling stand that helps reduce hand and wrist fatigue caused by using laptops for long periods of time.

Multiple available height settings and the option to remove the adjustment stand in favor of two separate cooling accessories underpin the versatile nature of the ERGO 360. It is rounded out by convenient, anti-slip holders that keep your laptop stable while cable management grooves provide a place to easily manage the attached USB cable.

Ergonomic Design

Three ergonomic height settings allow for a customizable viewing angle. Front anti-slip holders prevent your laptop from sliding.

#### 360 Rotation

Ergo 360 provides a new perspective on the traditional laptop cooling pad thanks to its 360 rotating stand.

Two Silent Fans

The quiet, efficient USBpowered fans provide . excellent cooling performancethat circulates air around your laptop. Elegant airline-finish aluminum surface functions as a cooling pad to spread heat onto a larger surface area.

Cable Storage Grooves

The USB cable can be stored away.

Laptop and Tablet stand at the same time
