Short Description

Alphacool's fittings go new ways in looks, quality of manufacturing, colours and choice. The inner diameter of these fittings truly deserves the „high flow“ attribute!

Description

Alphacools's fittings go new ways in looks, quality of manufacturing, colours and choice. The inner diameter of these fittings truly deserves the „high flow“ attribute!

The first three colours, Chrome, Deep Black and Shiny Copper offer something for every taste. The product matching series are designed to look elegant in every system, highlighting the individual design of the computer. The limits are endless with these Alphacool fittings in combination with Alphacool tubing!

With a new process during chromatising the surface finish is completely connected with the brass body, hence ensuring permanent intense colours and peeling of the chrome layer. The Alphacool name in blue lettering on some of the fittings additionally underlines the individuality of these items.

Specifications

Functionality of this connector:

This fitting is designed for connection of 13/10mm tubing to the outlet on an Eheim 1046/48 pump.

Additional adaptors for integration of the pump into the cooling loop hence become obsolete, ideal for easy tubing connection.

Please note: Do not insert the connector "dry" as the O-ring twists when dry and may not provide a safe seal. Therefore please moisten the O-ring before inserting the adaptor to prevent any problems.

Note: Over-tightening the pump adaptor can lead to breaking of the plastic casing. Contact of the O-ring gasket and lightly hand-tightening the adaptor is sufficient for a safe seal.

Technical specifications:

Material: Brass, chromatised

Colour: Chrome

Dimensions:

Width: 19.1mm

Height: 37mm

Hose size compatibility : 13/10mm

Extent of delivery:

1 x Alphacool 1046 Eheim outlet adaptor to 13/10mm - Chrome

Additional Information

Brand	Alphacool
SKU	AC-13142
Weight	0.1000
Fitting Type	Adapter
Fitting Size	3/8" x 1/2"
Fitting Angle	Straight
Vendor SKU/EAN	4250197131421
