Feel the Rage in your audio!

The Sound Blaster Tactic3D Rage USB Gaming Headset is just what you need if you're a serious gamer. It delivers superior uncompromised gaming audio that's backed by decades of legendary Sound Blaster expertise.

The headset features SBX Pro Studio audio technologies, which allow you to fully customize every aspect of your headset's audio settings. SBX Surround positions audio in a 360-degree sound stage that's much more realistic than standard 7.1 solutions. Massively powerful 50mm FullSpectrum™ drivers are meticulously tuned to produce the most accurate 3D gaming audio environment available for your PC or Mac. With 16 million colors, the earcups' SB Prism™ LED illumination gives you an almost unlimited choice of colors to represent your team or gaming gear setup.

Features

16 million-color illuminated ear cups

Put on a color that fits your style or mood. Choose from a dizzying 16 million colors to complement your team, rig, or aura.

Affordable USB gaming headset

Enjoy superior, uncompressed audio for your games and entertainment that's affordable, without any compromise in audio quality.

High-quality USB audio cable

Spend more time gaming instead of being in a tangled mess. The high quality braided USB audio cable provides excellent flexibility while minimizing unwieldy tangles.

50mm FullSpectrum drivers

Experience a high-powered, no-holds-barred 3D gaming audio experience with massive bass and detailed highs.

3D surround sound

Free yourself from the limits of physical 7.1 audio. Immerse yourself right in the middle of your game.

Take on a persona

With VoiceFX™, you can match your voice to your game avatar, be it an orc, elf or alien infiltrator. Dont just play your avatar, BE your avatar.

SBX Pro Studio

SBX Pro Studio Suite of effects will transform your audio experience into a High-Definition multimedia adventure.

Accessible on-ear audio controls

Easily adjust your game volume or mute your microphone on the fly. With the rotary volume control dial, you can make faster, more precise volume adjustments.
