

# Thermaltake Chaser A41 Mid Tower ATX Chassis

\$99.99

## Product Images

## Short Description

---

A newcomer of the Thermaltake Chaser series of hardcore gaming chassis, the Chaser A41 offers a great choice for system builders and DIY enthusiasts with an exceptional combination of performance, cooling and expandability to gear with the latest gaming components. User-friendly tool-less 5.25" & 3.5" bays, cable management and CPU cooler cutout reduce clutter and enhance operation efficiency. The features demanded on high performing chassis are all in, such as liquid cooling support, bottom-placed PSU and USB 3.0 connectivity. Complete with E-Sport design that presents style and superior aesthetics quality, this chassis ensures true enjoyment while in and out of the game.

## Description

---

A newcomer of the Thermaltake Chaser series of hardcore gaming chassis, the Chaser A41 offers a great choice for system builders and DIY enthusiasts with an exceptional combination of performance, cooling and expandability to gear with the latest gaming components. User-friendly tool-less 5.25" & 3.5" bays, cable management and CPU cooler cutout reduce clutter and enhance operation efficiency. The features demanded on high performing chassis are all in, such as liquid cooling support, bottom-placed PSU and USB 3.0 connectivity. Complete with E-Sport design that presents style and superior aesthetics quality, this chassis ensures true enjoyment while in and out of the game.

### Thermaltake Chaser A41 mid-tower chassis

The new member of Chaser hardcore gaming series, designed for gamers to gear with the latest gaming component, offering not only style and personality but an exceptional combination of cooling, performance and expandability for gaming purists to ensure true enjoyment while in or out of the game.

### E-Sport Design

The black metal meshed and glossy detailed front panel combined with a large transparent side window panel, it hard not to leave your eye off it.

Innovative tool-less design  
 Innovative 5.25" & 3.5" tool-free drive bay design  
 minimized the hassles of installing ODD, HDD and SSD  
 devices.

**Smart 3 + 1**

Preinstalled two of 120mm fans and a top-mounted 200mm fan including a back blue LED fan to optimize system ventilation. In order to keep the interior dust free, all intake ventilation holes come with dust protection including a removable dust filter at the bottom of the chassis.

Front Intake 120mm black frame fan

Rear Exhaust 120 mm black fan with Blue LED

Top exhausted 200mm fan with Blue LED

#### Convenient Support

Three retained holes with rubber grommet to support LCS, four retained holes for advanced cable management ,one large CPU cut-out to ease on CPU cooler installation

#### Superior Cable Management

30mm wide cable routing gap for easy cable management and hiding cables behind motherboard tray, to ensure smoothness for build and tinker (upgrade), reduce wiring tangled, as well as better airflow and dust management.

#### High-end Complete System on the go

Enables user to build up a complete high-end solution with ease with 240mm radiator liquid cooling system and extra long graphic card supported to protect user' s hardware and increase CPU' s overclocking potential, mostly importantly delivers outstanding cooling efficiency in the entire case.

## Specifications

Case Type	Mid Tower
Dimension (H x W x D)	495 x 252 x 511 mm (19.5 x 9.9 x 20.1 inch)
Net Weight	8.0 kg/17.6 lb
Side Panel	Transparent Window
Color	Exterior & Interior: Black
Material	SECC
Cooling System	Front (intake) : 120 x 120 x 25 mm Blue LED fan x 1 (1000rpm, 16dBA) Rear (exhaust) : 120 x 120 x 25 mm Turbo fan (1000rpm,16dBA) Top (exhaust) : 200 x 200 x 20 mm Blue LED fan x 1 (600rpm, 13dBA) Bottom (Intake) : (optional) 120 x 120 x 25 mm
Drive Bays	- Accessible : 4 x 5.25" , 1 x 3.5" ' - Hidden : 5 x 3.5" ' or 2.5" '
Expansion Slots	7
Motherboards	9.6" x 9.6" (Micro ATX), 12" x 9.6" (ATX)
I/O Ports	USB 3.0 x 2, HD Audio x 1
PSU	Standard PS2 PSU (optional)
LCS Upgradable	Supports 1/2"、3/8"、1/4" water tube
Other	CPU cooler height limitation: 175mm VGA length limitation: 315mm
