SilverStone Milo ML05 Mini-ITX HTPC Computer Case

$64.99

Product Images

Short Description

Continuing with the popular slim form factor HTPC, the Milo ML05 HTPC case is the smallest in the Milo series to-date and yet still able to fit modern day components. Although measuring only 7 liters in size (half the size of Micro-ATX based ML03), it can accommodate Mini-ITX motherboard, SFX power supply and install up to four 2.5" hard drives. An innovative multipurpose 4-in-1 bracket also allows installation of a slim optical drive, a 3.5" hard drive, two 2.5" drives, or a 120mm fan depending on user's requirement. Complementing a superbly compact design is a beautiful acrylic front panel that seamlessly integrates into home theater environments, making ML05 the best petite HTPC case on the market.
