\$2.25

Product Images

Short Description

The PrimoChill 3/8" ID Rigid Tube Silicon Bending Insert - 1 Foot is used for bending the Primochill Rigid Tubing (1/2" OD). This allows the tube to be heated and bent without the tube collapsing. Sold by the foot, a quantity of 3 would result in a single 3 foot piece.

Description

The PrimoChill 3/8" ID Rigid Tube Silicon Bending Insert - 1 Foot is used for bending the Primochill Rigid Tubing (1/2" OD). This allows the tube to be heated and bent without the tube collapsing. Sold by the foot, a quantity of 3 would result in a single 3 foot piece.

With the use of different components, materials, fluids, and flow rates, results may vary with the appearance of your tubing. Rigid Acrylic Tube is designed to work with a large variety of cooling components, however the use of alcohols, Ethylene Glycol and as well as any other harmful chemicals is strictly prohibited and will void your warranty. PrimoChill is not responsible for any damage caused by or when using this product. Please use at your own risk.

Note: These only work with 1/2" OD Rigid Primochill Tubing.
