

Phobya Temperature Sensor Single 80cm - Black Sleeved

\$6.95

Product Images

Description

SMD temperature sensor with cable and 2-Pin connector. This model is similar to the sensors used on the thermometers available in the shop as well as the Digital Doctor. Universal compatibility with other devices is also given. Cable length approx. 80cm.

Sleeving:

This cable is not only practical, it is also optically appealing, The surrounding mesh, also called mesh, which is surrounding the cable itself offers the advantages that every Pro-modder is looking for: A completely unique look, even of the cables in the system! Special attention was paid to the combination of cable connectors, sleeve and heatshrink which were used to ensure great design and a unique as well as elegant look.

Specifications
