Short Description

EK-HD Adapter is a solid-tube female type fitting, intended to be used with solid tubing such as Acrylic or Copper tube. The product is made of machined brass with quality O-rings. These adapters are fully compatible with EK-CSQ series (45°/90°) angled adapters.

Description

EK-HD Adapter is a solid-tube female type fitting, intended to be used with solid tubing such as Acrylic or Copper tube.

The product is made of machined brass with quality O-rings. These adapters are fully compatible with EK-CSQ series (45°/90°) angled adapters.

Specifications

- Technical data:
- inner thread: G1/4" BSP; 4.5mm male thread length
 - supported tube: 16mm (OD)
 - outer diameter of a fitting: 21.7mm
 - installed height: 11mm
 - compatible tubing: solid Acrylic-, Copper-, Brass- or Stainless Steel tube

ROHS Compliant!

Made in Slovenia - EU!

- PLEASE NOTE:
- Please wet the gasket (o-ring) using drops of water prior to installing solid tube.
 - Do not use excessive force when inserting solid tube!
 - It is mandatory to chamfer the edges of freshly cut solid tube in order to prevent gasket (o-ring) damage. EK recommends a 0,5mm x 45° chamfer.
