Short Description

Incorporating the proprietary technology, all new Thermaltake NiC series (lineup consists of the F3, F4, C4, and C5), the new CPU cooler series with non-interference cooling space for the ram and motherboard area, the advancement towards silence, performance and compatibility. Fully compatible with RAM of all kinds, ideally for power users to fill their RAM slots with high-end overclocked RAM.

Description

NiC F3
Untouchable
CPU Cooler:

Incorporating the proprietary technology, all new Thermaltake NiC series (lineup consists of the F3, F4, C4, and C5), the new CPU cooler series with non-interference cooling space for the ram and motherboard area, the advancement towards silence, performance and compatibility. Fully compatible with RAM of all kinds, ideally for power users to fill their RAM slots with high-end overclocked RAM.

New Standard
Non-Interference
Cooler

The new NiC Series coolers solve the problem that high performance RAM and CPU coolers cannot co-exist in the past. NiC series coolers achieve the best RAM clearance allowing user to install high end overclock RAM with coolers with ease.

Overclock design support up to 160W

Although the overall dimension of the cooler is smaller than before, but thanks to the design of the cooler, the performance is stronger than before. Heat is conducted from the CPU onto the cooler with Direct Contact Heat-pipes and then onto the aluminum fins with 3 Φ 6mm U-shaped heat-pipes. This ensures the best possible heat dissipation performance conducting heat effectively.

Curved Aluminum Fins

Aluminum fins are specially designed in a curved shape to reduce back air resistance and at the same time maximize airflow through them. The 0.4mm thick aluminum fins also increase the overall thermal dissipation area.

Integrated 120mm PWM fan

Single 120mm PWM fan with adjustable silent fan blades between 800-1600rpm. Convenient tool-less fan clip design allows user to install/dismantle the fans with ease.

Universal Socket Compatibility

All-in-one back-plate design, the universal socket offers support all latest Intel and AMD platform.

Specifications

P/N	CLP0605
Compatibility	Intel LGA 2011/1366/1155/1156/1150/1150/775 AMD FM2/FM1/AM3+/AM3/AM2+/AM2
Heatsink Dimension	152H*140W*50L mm
Heatsink Material	Aluminum Fins Copper Heatpipes

Heatpipe	Φ6mm x 3 pcs
Fan Dimension	120 x 120 x 25 mm(L xW x H)
Fan quantity	1pcs
Fan Speed	800-1600RPM
Rated Voltage	12V
Start Voltage	9.0V
Rated Current	0.17A
Power Input	2.04W
Air Flow	79.283CFM
Air Pressure	1.911 MM-H2O
Noise	18.0~ 30.2 dBA
Life time/Fan Life time	40,000 hours
Fan control	PWM
pin connect	4 pin
Cooling Power	160W
Weight	555g

Additional Information

Brand	Thermaltake
SKU	CLP0605-D
Weight	2.0000
Material	Copper/Aluminum
Fan Dimensions	120mm
Fan Connection	4-Pin PWM
Special Price	\$23.99
