\$34.95

Product Images

Short Description

Expand the capabilities of your MO-RA3 420. During the MO-RA3 420 in standard condition only 140 mm fan support, it supports all popular Lüftergrößen after assembly this bracket between 180 and 230 mm The development has to obtain the greatest possible compatibility.

Description

Expand the capabilities of your MO-RA3 420. During the MO-RA3 420 in standard condition only 140 mm fan support, it supports all popular Lüftergrößen after assembly this bracket between 180 and 230 mm

The development has to obtain the greatest possible compatibility. To this end, we have measured the following manufacturers:

Various Übergroßenlüfter Phobya, AeroCool, Coolermaster, EKL, Silverstone, YateLoon.

The bracket can be to the left as to the right hand side of the already existing thread mounted on the radiator. A double-sided mounting is also possible. Depending on the size of the fans used the bracket can also together with a mo-RA3 420 ventilation panel will be mounted.

As the material is sheet steel, which was a robust powder coated.

Sufficient fan screws in different lengths are already included in the scope of supply.

Specifications
