

Silverstone Argon Series AR04 CPU Heatsink w/ 80mm Fan

\$33.99

Product Images

Short Description

The Argon series coolers are designed to provide the best cooling solution for your CPU. The Argon AR04 is a super slim profile CPU cooler designed for space limited applications that utilizes LGA 115X platforms (e.g. LGA1156, LGA1155, LGA1150 or newer) . It features two 6mm thick copper heat pipes connect to the base

using heat-pipe direct contact (HDC) technology. The custom 80mm fan was designed with fan blades to achieve the highest air pressure possible while maintaining an acoustic profile that is rare for cooler of this size. At a total height of only 23mm tall, the AR04 is likely the best choice and the only choice for slim sized cases utilizing LGA1150/LGA1156/LGA1155 processors.

Description

The Argon series coolers are designed to provide the best cooling solution for your CPU. The Argon AR04 is a super slim profile CPU cooler designed for space limited applications that utilizes LGA 115X platforms (e.g. LGA1156, LGA1155, LGA1150 or newer) . It features two 6mm thick copper heat pipes connect to the base using heat-pipe direct contact (HDC) technology. The custom 80mm fan was designed with fan blades to achieve the highest air pressure possible while maintaining an acoustic profile that is rare for cooler of this size. At a total height of only 23mm tall, the AR04 is likely the best choice and the only choice for slim sized cases utilizing LGA1150/LGA1156/LGA1155 processors.

Features

- Designed for low profile systems at only 23mm tall
- Two Ø6mm heat-pipes and aluminum fins for excellent heat conducting efficiency
- Heat-pipe direct contact (HDC) technology
- Large, custom 80mm fan for excellent cooling and low noise
- For use with CPUs up to 65W
- Support Intel LGA1150/LGA1156/LGA1155 processors

Specifications

Model No.	SST-AR04
Material	Copper heat pipes with aluminum fins
Application	Intel Socket 1150/1155/1156
Heat Pipe Type	Ø6mm heat-pipe x 2
Cooling System	80mm x 80mm x 10mm fan
Noise	18~26 dBA
Bearing	Sleeve Bearing
Net Weight	133g
Voltage Rating (V)	12V
Start Voltage (V)	7V
Air Flow (CFM)	48CFM

Speed (R.P.M.)	1500~3400RPM
Life Expectance (hrs)	40,000 hours
Dimension	104mm (W) x 95mm (D) x 23mm (H)

Additional Information

Brand	SilverStone Technology
SKU	AR04
Weight	3.0000
Material	Copper/Aluminum
Fan Dimensions	120mm
Fan Connection	4-Pin PWM
Vendor SKU/EAN	844761010195
