

Silverstone CPF03 One-to-One PWM Extension Connector Cable

\$5.99

Product Images

Short Description

CPF03 is a PWM fan power extension cable designed to solve the problem of short-cabled PWM fan in a large chassis or in a complex arrangement. In addition, it provides enthusiasts seeking optimal thermal performance with a better solution for cable management.

Description

CPF03 is a PWM fan power extension cable designed to solve the problem of short-cabled PWM fan in a large chassis or in a complex arrangement. In addition, it provides enthusiasts seeking optimal thermal performance with a better solution for cable management.

Features

Features:

- Beautiful all black sleeved cable
- Single connector PMW fan power extension cable
- Compatible with 4pin PMW fan connector and 3pin fan connector

Specifications

Specifications:

Model No.	SST-CPF03
Color	Black

Connectors	One-to-one PWM fan extension connector
Length	300mm

Additional Information

Brand	SilverStone Technology
SKU	CPF03
Weight	0.1000
Color	Black
Cable Type	4-Pin PWM Extension
Length	30cm
Vendor SKU/EAN	844761010959
