Short Description

Deep, intense colors, pleasant handling and easy installation were the goals when developing this tubing generation. The result is

a great choice of sizes and colors such as red, green, blue or black.

Description

Deep, intense colors, pleasant handling and easy installation were the goals when developing this tubing generation. The result is a great choice of sizes and colors such as red, green, blue or black.

When designing these tubes, one goal was to make colored coolant and hence the strain from coloring particles on the cooling loop obsolete. With these tubes the color comes from the tubes themselves.

Besides color, the installation and kinking properties are always an important factor when choosing tubing. Tight bending radiuses and easy handling in tricky situations were also taken into consideration during development. Hence the plastic mixture was developed to perfection and we have created tubing which manages to combine usually opposing properties to please both beginners and advanced users.

Features

- Material: PVC
- Color: Transparent
- Inner diameter: 10mm, 3/8"
- Outer diameter: 13mm, 1/2"
- Wall thickness: 1,5mm, 1/15"

Specifications

Extent of delivery:

1x Alphacool AlphaTube HF 13/10 (3/8"ID) - Clear

Ordered quantity 1 = 1 Foot of hose

Manufacturing in Germany promises permanently high quality. The manufacturing with years of experience ensures the best product all of the time!

Additional Information

Brand	Alphacool
SKU	AC-18412
Weight	0.1000
Color	Clear
Tube Type	PVC
Tube Size	3/8" x 1/2" (10mm x 13mm)
Material	PVC
Delivery	Bulk
Vendor SKU/EAN	4250197184120
