---

The Logitech G600 Wired MMO Gaming Laser Mouse gives you complete control for the way you play—customize 20 MMO-tuned button, color lighting and stored game profiles and more.

## Description

---

The Logitech G600 Wired MMO Gaming Laser Mouse gives you complete control for the way you play—customize 20 MMO-tuned button, color lighting and stored game profiles and more.

Designed especially for MMO gamers, the Logitech G600 MMO Gaming Mouse puts a huge spectrum of control options at your fingertips. This precise, versatile wired mouse features 20 buttons, a dual-dish thumb panel, and a G-shift button that doubles the functionality of all buttons on the mouse. It also features tunable DPI settings, so you can amp up your mouse's sensitivity in the heat of battle. And with its braided USB cable, durable chassis, and comfortable grip, it's designed to endure long dungeon raids.

## Logitech G600 MMO Gaming Mouse

For complete control in your favorite MMOs

With 20 buttons, the Logitech G600 MMO Gaming Mouse is the most customizable and easy-to-use mouse specifically designed for mastering your favorite MMOs. Whether you're out to burn down the boss or are in the heat of a PVP battle, this mouse gives you new power to execute every action with lightning-fast accuracy.

## Highlights

- 20 MMO-tuned buttons
- Intuitive thumb panel design eliminates misclicks
- G-shift doubles button functions
- Sculpted, supportive shape reduces hand fatigue
- Customizable lighting effects and colors
- Onboard memory stores three game profiles
- Gaming-grade laser sensor tracks up to 8200 dpi
- 1 millisecond USB report rate executes your actions instantly without lag
- Primary buttons rated to 20 million clicks

## Features

### 20 MMO-tuned buttons

Put every action at your fingertips with three primary buttons, 12 thumb buttons, a clickable scroll wheel that tilts, plus DPI and profile switching. They're all pre-configured for optimal MMO use right out of the box – no drivers required.

### Dual-dish thumb panel

Put immediate access to all 12 primary MMO skills under your thumb. The dual-dish design was developed with input from leading MMO game developers. Two carefully positioned sets of six buttons help reduce action timings and minimize misclicks.

### G-shift and DPI shift

Use the G-Shift button to instantly double the number of actions you can perform with every other button. Set to five DPI levels per profile and shift between them with the press of a button—great for precision sniping.

### Custom-color backlighting

Locate keys in any room with custom backlit keys. Assign any of 16 million colors to each profile, profile mode, and mode style in the same game. You can tell, without looking down, which mode you're in to ensure your setup is optimized.

### Onboard brains

The three memory profiles are stored onboard so you can access all of your button, tracking, and lighting color information on any computer with no software required. Want to customize the default settings? Want access to more intricate macro and scripting capabilities than the onboard macros can provide? Download the optional Logitech Gaming Software and tweak your settings to perfection\*. (\*Some profile settings require Logitech Gaming Software to be enabled and are not supported on Linux and earlier Windows-based operating systems.)

### Comfortably shaped to go the distance

The G600 is sculpted to support your hand through hours of raiding.

Every button is tuned to reduce click fatigue without accidental actuations.

### Gaming-grade laser

Experience high-precision laser tracking up to 8200 dpi. With primary buttons rated to 20 million clicks each and an ultra-durable braided USB cable, the G600 is built to last.

### What's in the box:

- Mouse

- User Documentation

### Gaming-Grade Specifications

#### Tracking:

- Resolution: 50 - 8200 dots per inch (dpi)

- Image processing: 11.25 megapixels/second

- Max. acceleration: 25G1

- Max. speed: up to 160 inches (4.06 meters)/second.\*

#### Responsiveness

- USB data format: 16 bits/axis

- USB report rate: Up to 1000 reports/second.

- Sleep mode: disabled

#### Glide:

- Dynamic coefficient of friction: .09  $\mu$  (k)\*\*

- Static coefficient of friction: .14  $\mu$  (s)\*\*

- Total weight: 133 grams

- Cord: 15 grams

### System requirements

- Windows Vista, Windows 7, or Windows 8

## Features

---

- Dual-dish thumb panel for intuitive control
- 200 to 8,200 DPI range offers flexible sensitivity
- G-shift button doubles your functions
- Custom-color backlighting
- Onboard memory profiles let you save your control schema
- Instantaneous DPI switching for precise targeting and maneuvers
- 1-millisecond report rate for exceptional responsiveness
- Durable, comfortable design
- Braided USB cable keeps your gaming station tidy
- Requires Windows Vista or above, an available USB port, and an Internet connection
- Backed by a 3-year limited hardware warranty

### Customizable Control Buttons for Immediate Access to Macros

Featuring enormous customization options, the Logitech G600 MMO Gaming Mouse brings a new level of control to your MMO strategies with its 20 mappable buttons. The buttons come preconfigured for immediate MMO use right out of the box, but can easily be reprogrammed to suit your preferences. And thanks to the mouse's G-switch, each button can control up to two functions, giving you access to 40 functions total.

### Dual-Dish Thumb Panel Enables Easy Inputs

Carefully field-tested with leading MMO game developers, this Logitech Gaming mouse has a unique dual-dish design to help you trigger buttons with ease. It also helps reduce learning time and accidental clicks, so you can master your new control scheme as quickly as possible.

### Fast, Responsive Control

Thanks to the mouse's adjustable DPI levels, you can fine-tune the sensitivity of your mouse without having to exit to a separate menu, even when you're in the middle of a fight. Its 1-millisecond report rate also ensures that your commands are executed instantly, delivering up to eight times the response speed of a standard mouse.

### Built for Durability and Comfort

The Logitech G600 MMO Gaming Mouse is designed to handle intensive gaming sessions with its 20 million-click-rated buttons and low-friction feet. It also features a braided USB cable that keeps your gaming rig tidy while offering a more flexible range of motion. And thanks to its contoured design, the mouse feels comfortable even after you've been gaming for hours.

### Package Contents

Logitech G600 MMO Gaming Mouse and user documentation.
