

# Irwin Industrial Tools 2078300 8-Inch Self- Adjusting Wire Stripper with ProTouch Grips

\$29.95

## Product Images

## Short Description

---

Take the guesswork out of stripping solid, stranded, and Romex wire with the Iwin Industrial Tools Self-Adjusting Wire Stripper / Cutter. As the name suggests, this tool features a self-adjusting stripping head for quick, precise wire stripping. It's especially useful in panels and other places where multiple types and sizes of wire are present.

## Description

---

Take the guesswork out of stripping solid, stranded, and Romex wire with the Iwin Industrial Tools Self-Adjusting Wire Stripper / Cutter. As the name suggests, this tool features a self-adjusting stripping head for quick, precise wire stripping. It's especially useful in panels and other places where multiple types and sizes of wire are present.

The IRWIN VISE-GRIP Self-Adjusting Wire Stripper, 8", makes stripping wire from 10-24 AWG easier than ever. It has a self-adjusting mechanism and a swivel knob for micro-adjustments for gauges smaller than 20 AWG. The wire crimper crimps 22 AWG insulated, 10-22 AWG non-insulated, and 7-9mm terminals. With a wire cutter and ProTouch Grips for maximum comfort and reduced hand fatigue, it is backed by the IRWIN Lifetime Guarantee.

# IRWIN®

Since 1885, IRWIN® has been at the forefront of the industry, creating superior tools for the professional tradesman.

## IRWIN® VISE-GRIP® Self-Adjusting Wire Stripper

### Wire Stripping Made Easier

The self-adjusting mechanism on this IRWIN Wire Stripper means wires are stripped perfectly each time. Add in a wire crimper and wire cutter and these pliers are possibly the only pliers you will need for all wiring and re-wiring tasks.

## IRWIN® VISE-GRIP® Self-Adjusting Wire Stripper

- Swivel knob makes micro-adjustments for gauges smaller than 20 AWG
- ProTouch Grip reduces hand fatigue
- Backed by the IRWIN® Lifetime Guarantee
