\$162.95

## Product Images

## Short Description

Hands down the most durable, highest quality backlit gaming keyboard on earth. The Deck 87 key Francium PRO: the last keyboard you will ever need.

## Description

Hands down the most durable, highest quality backlit gaming keyboard on earth. The Deck 87 key Francium PRO: the last keyboard you will ever need.

Rugged plastic housing with adjustable feet to give individual comfort. One LED per key lights the individual characters - and they will never rub off! And as always this Deck carries our 1 year warranty and a 30 day money back satisfaction guarantee!

### **What are Deck keyboards?**

Deck keyboards are a line of premium keyboard input devices with unmatched backlighting capabilities. With Cherry mechanical key switches and one LED per key, we have the hands-down brightest keyboard illumination on the market. We can also say that without a doubt the letters on our keycaps will never wear off due to a process that prints the letter into the plastic instead of the top surface only. Backed by a 30-day money back guarantee and a 1 year warranty that covers your product even if you modify it, Deck keyboards are truly the last keyboard you will ever need.

## Features

---

- Using Cherry MX mechanical key switches
- 2 shot-keycaps (US Only)
- 1000Hz ultra-polling/1ms response keys
- All keys can be programmed offline no need to be programmed for the computer host
- Can be toggled between the standard layer and user programmed layer by one hot key
- Can be toggled between the standard USB 6-key rollover and USB true N-key rollover by a hot key
- With elegant double shot keycap for key with embedded LED lens
- Slim edge designs but has a strong metal frame
- Use 2 layer FR4 PCB to increase the key soldering reliability
- With multimedia keys multiplexed with the function keys
- Support deactivation of the Windows keys

Personalize your keyboard:

- White or Blue LED's
- Blue, Red or Brown switch types
