## Short Description

EK-Supremacy *PreciseMount* Add-on Naked APU is an add-on that allows the use of de-lidded 1st- (*Llano*), 2nd- (*Richland / Trinity*) and 3rd (*Kaveri*) generation AMD® A-series APU processors with [EK-Supremacy](#) series CPU water blocks.

## Description

EK-Supremacy *PreciseMount* Add-on Naked APU is an add-on that allows the use of de-lidded 1st- (*Llano*), 2nd- (*Richland / Trinity*) and 3rd (*Kaveri*) generation AMD® A-series APU processors with [EK-Supremacy](#) series CPU water blocks.

This is an add-on for EK-Supremacy *PreciseMount* universal mounting mechanism that offers error-preventing, tool-less

installation. The result is a perfect installation which results in perfect performance every time.

EK recommends replacing the existing M4x16 DIN7991 screws with the enclosed M4x16 DIN965 screws in order for water block to clear the plastic socket.

The enclosed *Naked Ivy* screws are made of high-quality nickel plated brass.

Caution:

- This product is intended to be used by expert users only as removing the CPU IHS is a delicate process. EK Water Blocks will not be held responsible for any failed removal operation that resulted in death of the computer component!
- Please do not try to remove IHS from other AMD® Socket AM3(+) CPUs, including FX series (such as *Phenom II*, *Thuban*, *Zambezi*, *Vishera* and *Centurion*) as the core (die) is soldered to the IHS with aforementioned models. Any attempts to remove the IHS from such processor will result in irreparable damage to the CPU! **Please note that removing the IHS from your AMD® CPU will result in voiding the warranty!**
