Mayhems Blitz Complete delivers both the incredible cleaning performance of Blitz Radiator, followed by the unmatched full loopy cleaning potential of Blitz System in one kit for the ultimate in custom loopy preparation.

Use Blitz Radiator as a pre-soak, pre-rinse or pre-cleaning step, followed by Blitz System for final cleaning and finishing.

Mayhems Blitz Radiator is our fast-acting, rust-free, non-toxic, and non-flammable cleaning solution. It is specially formulated to react at low temperatures, penetrating deep into the internal surfaces of radiator pipes to their insulation in a fast-acting loop. Removing these impurities can significantly increase coolant longevity. Mayhems Blitz Radiator can be used continuously, and we highly recommend that you follow up with Mayhems Blitz System for optimal results.

WARNING: Causes skin irritation. Causes serious eye irritation. Wash hands thoroughly after handling. Wear protective clothing. Protective gloves. Eye protection. Face protection. Rinse skin or hair. Rinse off immediately all contaminated clothing. Rinse skin with water if shower. Rinse eyes. Rinse continuously with water for several minutes. Remove contact lenses, if present and easy to do. Wash contaminated clothing before reuse.

Mayhems Blitz System is our fast-acting, full-loop preparation and cleaning solution. It is specially formulated to react at low temperatures, penetrating deep into the internal surfaces of radiating components and tubing. Removing these impurities can significantly increase coolant longevity. Mayhems Blitz System delivers an incredible clean when used continuously, and you'll get the best results if radiators are pre-soaked with Mayhems Blitz Radiator beforehand.

WARNING: Causes skin irritation. Causes serious eye irritation. Do not breathe dust / fumes / gas / mist / vapour / smoke. Wash hands thoroughly after handling. Wear protective clothing. Protective gloves. Eye protection. Face protection. Rinse skin or hair. Rinse off immediately all contaminated clothing. Rinse skin with water if shower. Rinse eyes. Rinse continuously with water for several minutes. Remove contact lenses, if present and easy to do.

Short Description

Mayhems Blitz Kit is the most comprehensive cleaning kit ever released for liquid cooling computers. It has been developed to clean you radiator's better than new and leave your system in perfect condition.

Description

Mayhems Blitz Kit is the most comprehensive cleaning kit ever released for liquid cooling computers. It has been developed to clean you radiator's better than new and leave your system in perfect condition.

Even though this is a cleaning solution it is not a long term effective inhibitor. Never leave it in your system longer than 24 hours.

This cleaning system is not safe to use around children and animals. Part 1 and Part 2 of the system uses highly effective cleaning acids down to PH 2 and you must take appropriate measures when using such products. You can dispose of the fluids down the drain once they have been diluted.

Note: This Item can not be shipped using DHL
