Description

EK-FC R9-290X Backplate is a CNC machined retention backplate made from Gold anodized aluminum for EK-FC R9-290X series water blocks.

Backplate cover the whole length of graphics cards PCB, serves as an aesthetic add-on and also provides passive cooling for the

VRM (Voltage Regulation Module) on the backside of the circuit board.

This backplate is guaranteed to be compatible only with reference PCB design Radeon R9 290X series graphics card in combination with any EK-FC R9-290X series water block.

No other water blocks are officially supported! Please check our [Cooling Configurator](#) for detailed compatibility list!

Specifications

Enclosed:

- EK-FC R9-290X Backplate - Gold
- Mounting mechanism
- Thermal pads

Made in Slovenia - Europe!

Please note:

- The backplate does not serve as a standalone unit!
