

Hose Clamp up to 20mm

\$5.95

Product Images

Short Description

Using these hose clamp, it is possible to intervene in the existing system so that it pinches the hose and z.Bsp. can grind a graphics card cooler with the system.

Description

Using these hose clamp, it is possible to intervene in the existing system so that it pinches the hose and z.Bsp. can grind a graphics card cooler with the system. However, it requires 2 clamps to lock the system. The advantage is obvious, you no longer have the system re-filling! The hose clamps are suitable for tubing up to 20mm.

Scope of delivery:
Hose Clamp up to 20mm
