## Product Images

## Short Description

The RAZER Goliathus Speed Edition is a premium soft mat designed for professional gamers. This highly portable, cloth-based mat features a slick taunt weave for speedy mouse movement.

## Description

A hardcore gamer takes every factor into account for first rate gaming experience - the hardware components, headset, keyboard,

mouse, and of course, the mouse mat.

The RAZER Goliathus Speed Edition is a premium soft mat designed for professional gamers. This highly portable, cloth-based mat features a slick taut weave for speedy mouse movement. It's optimized for all mouse sensitivity settings and sensors for pixel-precise targeting and tracking, whether in FPS, RTS, or MMORPG genres. The anti-fraying stitched frame provides extra resistance to wear, and the anti-slip rubber base secures the mat in place – even during most intense and fierce battles.

Available in four different sizes– small, medium, large, and extended – to address your gaming style.

## Features

---

### Slick Taut Weave for Speedy Gameplay

The weave on the Razer Goliathus is pulled taut to create a slick and seamless surface, so your gaming mouse glides quickly with zero hindrance. The weave also provides a nice, comfortable feel under your hand, minimizing fatigue during extended periods of play.

### Optimized for All Sensitivity Settings and Sensors

Low sense, high sense, laser, optical, or dual-sensor systems – whatever your sensitivity setting or preferred gaming mouse, the Razer Goliathus offers total tracking responsiveness for consistently reliable in-game control.

### Available in Four different sizes

Yours could be a tiny corner on a desk overflowing with stuff, a vast expansive space, or you're always on the move. Whatever your play-style and space needs, the Razer Goliathus comes in four different sizes to accommodate them all.
