Short Description

The Razer Goliathus Control Edition is engineered to exceed the exacting demands of the world's top professional gamers. The tournament-tuned textured weave delivers the right amount of friction to ensure pixel-precise targeting and optimal response while keeping the glide smooth and consistent. This mouse mat is optimized for use with all gaming-grade mice, regardless of sensitivity settings and sensor type.

Description

The Razer Goliathus Control Edition is engineered to exceed the exacting demands of the world's top professional gamers. The tournament-tuned textured weave delivers the right amount of friction to ensure pixel-precise targeting and optimal response while keeping the glide smooth and consistent. This mouse mat is optimized for use with all gaming-grade mice, regardless of sensitivity settings and sensor type.

Features

Heavily Textured Weave for CONTROL Gameplay

The micro-textures on the surface of the Razer Goliathus deliver the right amount of friction to your gaming mouse's movements, so you get pixel-precise targeting for absolute in-game accuracy. The weave also provides a nice, comfortable feel under your hand, minimizing fatigue during extended periods of play.

Optimized for All Sensitivity Settings and Sensors

Low sense, high sense, laser, optical, or dual-sensor systems – whatever your sensitivity setting or preferred gaming mouse, the Razer Goliathus offers total tracking responsiveness for consistently reliable in-game control.

Available in Four different sizes

Yours could be a tiny corner on a desk overflowing with stuff, a vast expansive space, or you're always on the move. Whatever your play-style and space needs, the Razer Goliathus comes in four different sizes to accommodate them all.

Specifications
