Enermax StarryFort SF30 4x120mm RGB Fan pre-installed Mid Tower Gaming PC Case - Black

Product Images

Short Description

The STARRYFORT SF30 RGB Gaming Tower comes with 4x pre-installed addressable SquA RGB fans and a RGB LED side stripe. The tempered glass panorama side window provides a clear view of the installed components, making it ideal for builds with RGB lighting. STARRYFORT SF30's integrated RGB hub can control 6x addressable RGB devices or synchronize with supported motherboard software.

Description

The STARRYFORT SF30 RGB Gaming Tower comes with 4x pre-installed addressable SquA RGB fans and a RGB LED side stripe. The tempered glass panorama side window provides a clear view of the installed components, making it ideal for builds with RGB lighting. STARRYFORT SF30's integrated RGB hub can control 6x addressable RGB devices or synchronize with supported motherboard software. A detachable PSU side cover and a removable HDD cage ensures an easy installation and cable management. STARRYFORT SF30 offers broad support for liquid coolers in sizes 360, 280, 240, 140 and 120 mm. Addressable RGB Lighting STARRYFORT SF30 comes with embedded LED strip on the left side and 4 SquA RGB fans to create colourful rainbow effects with 16.8 million colours. SquA RGB Fans ENERMAX SquA RGB fans support addressable RGB technology for a unique RGB lighting experience.
