Silverstone Raven RV05 Enthusiast Chassis

$143.99

Product Images

Short Description

The RAVEN RV05, the fifth edition in the exciting RAVEN enthusiasts chassis series continues the tradition of breaking and evolving the standards of desktop PC design.

Description

The RAVEN RV05, the fifth edition in the exciting RAVEN enthusiasts chassis series continues the tradition of breaking and evolving the standards of desktop PC design. With a bold move that sees the removal of all 5.25" drive bays, the RAVEN team engineers again saw the opportunity to re-utilize the 90 degree rotated design. Previous RAVEN models with 90 degree layout often had to compromise on space efficiency due to fixed length of the motherboard in rotated orientation. The elimination of 5.25" bays solves this issue naturally and enables RV05 to be even more balanced in terms of design than if the same were done to a traditionally-layout case. With most of the wasted space eliminated from RV05, engineers were thus able to better optimize the case for the most important performance-affecting components such as CPU and GPUs. The result is an expertly-engineered ATX chassis that is just as capable in terms of compute power and heat dissipation as the first RAVEN chassis, the RV01, but in half the size. Equipped with latest revision Air Penetrator fans that include three speed switches and modern touches such as externally removable filters and tool-less panels, the RV05 has everything that PC enthusiasts could wish for in a compact, high performance computer case that is not only cool and quiet, but also easy to build and maintain. For those not wanting to constantly step up in case size to obtain top-level performance, the RAVEN RV05 is the perfect solution and it may also represent a glimpse into the future of mainstream enthusiasts PC design.

Features

- Signature RAVEN styling touches
- Revolutionary 90 degree motherboard mounting from RAVEN RV01
- Breakthrough 5.25 inch bay-free design for unprecedented power to size ratio
- Two Air Penetrator fans included for great performance and quietness
- Positive air pressure design for excellent cooling/quietness and dust-prevention
- Quick-release latch for fast side panel removal
- Front access to main filter for easy maintenance
- Support for various liquid cooling radiator sizes

Specifications

- Model No.: SST-RV05B (black) / SST-RV05B-W (black + window)
- Material: Plastic outer shell, steel body
- Color: black
- Motherboard: SSI-CEB, ATX, Micro-ATX
- Drive Bay: External
- Slim slot-loading optical x 1: Internal3.5" x 2, 2.5" x 2
- Cooling System
- Top: 120mm fan slot x 1
- Bottom: 180mm AP fan x 2, 600/900/1200rpm, 17/25/34dBA / Downward compatible with 120mm fan x 3, or 140mm fan x 2
- Expansion Slot: 7
- Front I/O Port: USB 3.0 x 2 / Audio x 1 / MIC x 1
- Power Supply: Optional PS2(ATX)
- Expansion Card: Compatible with 12.3" long, width restriction – 6.57"
- Limitation of CPU cooler: 162mm
- Net Weight: 7.6kg
- Dimension: 242mm (W) x 529mm (H) x 498mm (D), 63.8L

Additional Information

Brand	SilverStone Technology
SKU	SST-RV05B-W
Weight	25.0000
Color	Black
Chassis Form Factor	Mid-Tower
Side Panel	Window
Material	Steel
PSU Wattage	No PSU
Vendor SKU/EAN	844761011543
