Short Description

Introducing the EVGA TORQ X10 gaming mouse. Built with the highest quality materials, this mouse was designed from the ground up to satisfy the needs of the hardcore gamer with a high quality laser sensor that provides up to 8200 DPI, an adjustable weight system, nine programmable buttons and a unique sizing system that allows you to adjust the height of the body.

Description

Introducing the EVGA TORQ X10 gaming mouse. Built with the highest quality materials, this mouse was designed from the ground up to satisfy the needs of the hardcore gamer with a high quality laser sensor that provides up to 8200 DPI, an adjustable weight system, nine programmable buttons and a unique sizing system that allows you to adjust the height of the body.

We didn't stop there though. The EVGA TORQ X10 features the highest quality Omron switches with a lifespan of over 20 million clicks. We also included a full metal base that provides solid construction, the latest Avago 9800 laser sensor providing up to 8200DPI with 1000Hz polling rate, a 6FT silver coated USB cable, and much more.

Features

- Real Carbon Fiber Surface
- Adjustable weight system
- Onboard storage can support up to 5 separate profiles
