

Sealing Plugs for BSP 1/4 Threads - Red

\$0.59

Product Images

Short Description

Sealing Plugs for BSP Threads are designed to protect British Standard Pipe Fittings from moisture, dust and damage during production, shipping and storage. Five complete threads plus a sealing lip provide a tight fit and secure seal. Can be applied and removed by hand, with a socket wrench, screwdriver or power tool.

Description

Sealing Plugs for BSP Threads are designed to protect British Standard Pipe Fittings from moisture, dust and damage during production, shipping and storage. Five complete threads plus a sealing lip provide a tight fit and secure seal. Can be applied and removed by hand, with a socket wrench, screwdriver or power tool. Our SPB Series Plugs are:

- Molded in Red [Polypropylene](#) (Standard applications) *or*
- Yellow [Nylon](#) (offers high resistance against hydraulic fluids, solvents, acids and base alkalines)
- Sized to fit [BSP Threads](#) from 1/4 thru 2.

These Sealing Plugs are also available with a factory-fit Neoprene Rubber O-Ring when a perfect seal is required.
