Black Ice Nemesis L- Series 420 Xtreme Radiator

\$114.95

Product Images

Short Description

The Black Ice® NEMESIS® LX is a more compact version of the Black Ice® NEMESIS® GTX® radiators with a 120mm/140mm narrower width, maintaining comparable performance and sharing the same build quality with their flagship Black Ice® counterparts.

Description

The Black Ice® NEMESIS® Series L Radiators are designed for optimum placement, fit, and value. The Series L arrives in both Stealth (LS) and Xtreme (LX) form factors.

The Black Ice® NEMESIS® LX is a more compact version of the Black Ice® NEMESIS® GTX® radiators with a 120mm/140mm narrower width, maintaining comparable performance and sharing the same build quality with their flagship Black Ice® counterparts.

The Series L shares the same DNA with the industry standard Black Ice® NEMESIS® GT® GTS® and GTX® radiators and is built for (*not with*) system builders and equipment integrators who demand utmost reliability and value.

True to form, built-in Supercruise™ optimizations, give the Series L radiators provide true scalable performance to allow optimum performance in a wide range of fan speeds. All built with the same renowned Black Ice quality by Hardware Labs.

The Black Ice® NEMESIS® Series L are available in single to quad fan 120mm and 140mm form factors.

Features

- 140 mm x 3 fan Xtreme form factor two-pass radiator
- 452mm x 140mm x 53.6mm (L x W x H)
- 13 FPI 25 Micron Copper Fins
- Optimized for sub-800 rpm ultra-stealth fans
- Supercruise™ optimizations for scalable performance with higher speed fans
- Lateral bracing for increased pressure resistance
- Standard G 1/4" inlet/outlet fittings
- Standard M4 mounting threads
- Compatible with Black Ice® Xtreme, Black Ice® GTX®1420 and Black Ice® GTXL420 radiators
- Custom Black Carbon™ high quality matte finish
- Fully ROHS Compliant
- 100% Made from conflict-free materials
- Industry standard Black Ice® quality
- 2-year warranty against manufacturing defects*
