The POSEIDON Z Illuminated features Tt eSPORTS Certified Mechanical switches, rated for 50 million keystrokes, & the world's first 5 Year Warranty on a mechanical gaming keyboard.

Description

POSEIDON Z Illuminated – Blue Switch Edition

The POSEIDON Z Illuminated – Blue Switch Edition - is a budget friendly full featured keyboard; Perfect for both a first time mechanical keyboard user and a mechanical keyboard enthusiast. The POSEIDON Z Illuminated features Tt eSPORTS Certified Mechanical switches, rated for 50 million keystrokes, & the world's first 5 Year Warranty on a mechanical gaming keyboard.

Features

FULLY BACK-LIT KEYBOARD.

With an LED under each cap, the POSEIDON Z Illuminated is a fully back-lit keyboard, offering 4 levels of adjustable brightness via the Fn (function) + F11/F12 keys.

Tt eSPORTS CERTIFIED MECHANICAL BROWN SWITCHES

The Tt eSPORTS Certified Mechanical BLUE switches are built for speed and durability, offering a pronounced tactile feel and audible click feedback. These switches were specially chosen by our pro-gamers and engineers, and we believe in them so much that we're offering the world's first 5 year warranty on a mechanical gaming keyboard.

FASTER RESPONSE Mechanical switches

The leading mechanical blue/brown switch actuates a bit after the tactile feedback of the key, but the Tt eSPORTS Certified Mechanical switches actuates earlier and closer to the tactile feedback. Offering a more accurate feel and faster response time than the other more commonly found mechanical switches.

ANTI-GHOSTING & DISABLE WINDOWS KEY FUNCTION.

With 6-8 key N-Key Rollover, the POSEIDON Illuminated will allow you to hit combinations of keys at once to make sure your gaming session is as fluid as it can be. A switch to disable the windows key, prevents accidental presses of the windows key while in-game.

ACCESSIBLE MEDIA KEYS.

With the Fn (function) + F1-F7 keys, you can control your volume and media player anytime, without having to minimize your current game or program.

Specifications

Specification
