Short Description

Fitting everything you want into a HTPC or small form factor PC can be tough, but quietly cooling those cramped components is a far tougher proposition. The ultra-compact Shadow Rock LP premium CPU cooler efficiently and economically solves this special problem.

Description

Compact Cooling, Significant Quiet

Fitting everything you want into a HTPC or small form factor PC can be tough, but quietly cooling those cramped components is a far tougher proposition. The ultra-compact Shadow Rock LP premium CPU cooler efficiently and economically solves this special problem.

If you are seeking the best possible mix of premium cooling performance for restricted space situations, remarkably quiet operations, eye-catching design, and a highly attractive price in the compact CPU cooler segment, seek no further. Shadow Rock LP is the new cooler for you.

Features

High Cooling Efficiency

- High compact cooling capacity of 130W TDP
- Four high-performance 6mm heat pipes carry heat to the optimal locations on the cooling fins

Low-Noise Operation

- A silence-optimized Pure Wings 2 120mm PWM fan supports the best balance of cooling performance and quiet operation
- Nine silence-optimized fan blades with high airflow capabilities reduce noise-generating turbulences
- Durable rifle-bearing technology contributes to a long lifespan of up to 80,000 hours

- Even at 100% full fan speed, overall noise is a scant 25.5dB(A)

Highly Compatible, Highly Convenient and Compact Design

- Low-profile design saves space and allows easy access to components even within the tight confines of compact PC enclosures
- Design supports mounting from atop the mainboard, greatly increasing convenience
- Compatibility with all current Intel® and AMD™ sockets

Product Conception, Design and Quality Control in Germany

- Attractive design thanks to aluminum top cover and heat pipe caps
- 3-years manufacturer's warranty
- Quick support is available via our international hotline, Mondays to Fridays from 9:00am to 5:30pm (CET): +49 (0) 40-736 76 86 - 98

Specifications

Main Specifications

- Overall dimensions without mounting material (L x W x H), (mm): 134 x 122 x 75.4
- Total weight (kg): 0.39
- TDP (W): 130
- Socket compatibility: [Intel](#): 775 / 115X / 1366 / LGA2011 Square ILM, [AMD](#): AM2(+) / AM3(+) / FM1 / FM2(+)
- LGA1150 ready: ✓
- Backplate Mounting: ✓
- Fan model, number: Pure Wings 2, 1x
- Decoupled fan mounting: -
- Overall noise level ([dB\(A\)](#)) @ 50/75/100% (rpm): 14.8 / 18.6 / 25.5

Heatsink Specifications

- Dimensions (L x W x H), (mm): 134 x 122 x 50.4
- Number of fins: 48
- Fin material: Aluminum
- Base material: Copper
- [CPU](#) contact surface: CNC machined
- Heatpipe number / Diameter (mm): 4 / 6
- Surface treatment: -

Fan Specifications

- Fan dimensions (mm): 120 x 120 x 25
- [+SilentWings](#): -
- Speed @ 100% [PWM](#) (rpm): 1,500
- Air flow @ 12V (cfm / m3/h): 87 / 51.4
- Air pressure @ 12V (mm H2O): 1.25
- Bearing type: Rifle
- Motor technology: [4-pole fan motor](#)
- Rated voltage (V): 12
- Input current (A): 0.09

- Input power (W): 1.1
- Connector: 4-pin [PWM](#)
- Cable length (mm): 220
- Lifespan (h / 25°C): 80,000

Additional Information

Brand	Be Quiet
SKU	BK002
Weight	2.5000
Material	Copper/Aluminum
Fan Dimensions	120mm
Fan Connection	4-Pin PWM
Vendor SKU/EAN	4260052184226

Internet Reviews

Review from ThermalBench
"At this price, it is the least expensive top-bottom style cooler I have tested so far and this automatically raises its value in my books. It is also one of the shortest profile coolers on the market. This, combined with a relatively quiet fan, would work wonders in an SFF build where heat loads are not very high and case air flow isn't always benefiting tower style coolers."
