DarkSide 240mm Dual Radiator Gasket

\$2.59

Product Images

Short Description

DarkSide radiator gaskets are designed to prevent the air loss and reduce noise from vibration between the radiator and the fans or radiator and the computer case.

Description

DarkSide radiator gaskets are designed to prevent the air loss and reduce noise from vibration between the radiator and the fans or radiator and the computer case.

Quality, one side adhesive, 3M foam allows low profile 1mm thickness. While performing as it should , this gasket won't ruin the looks or create a problem with screws being too short after the gasket installation.

Specifications

- 1mm 3M performance foam;
- Self Adhesive Backing?
- Black color
- 15mm Hole Spacing
- Compatible with the most dual core 120mm radiators.
