Description

Designing your very own custom cable extension is easy with CableMod Connectors. This set of connectors

comes with one female and one male variant, is designed to work perfectly with our ModFlex™ Sleeved Wires.

Assembling your own custom cable extension is easy. One connector has a white sticker while the other one does not. The ends of each ModFlex Sleeve Wire are fitted with a color-coded silicone protector. Simply remove the protector, match that color with the color code on our CableMod Connector, and insert the wire - it's really that easy.

With several connector types available, CableMod Connectors can help you achieve that one-of-a-kind look for your PC.

Specifications
