Short Description

Possibly the perfect Home Theatre PC Case, the fanless Euler case is designed to dissipate heat straight through its aluminum casing. This allows the Euler to operate without using noisy fans pushing airflow through the chassis. Available separately with a 120 watt power adapter, this also relieves the chassis from having to enclose a separate power supply. In addition the Akasa Euler is VESA mountable, so you can bolt it to the back of your monitor and keep your desk clean and organized.
