

Shielded Pro Male Fan Pins - 4 Pack

\$0.39 As low as
\$0.29

Product Images

Short Description

Pro Series Male 4-Pin molex pins used with Pro Hooded Male 4-pin fan connectors. These are the same 4-Pin connectors commonly found on computer PWM fans and accessories in higher end setups. Use these to replace damaged pins or to add to new wires. The pins are used in the hooded connectors that have hidden pins that will not short out in your computer case like the open (bare) male 4-pins..

Description

Pro Series Male 4-Pin molex pins used with Pro Hooded Male 4-pin fan connectors. These are the same 4-Pin

connectors commonly found on computer PWM fans and accessories in higher end setups. Use these to replace damaged pins or to add to new wires. The pins are used in the hooded connectors that have hidden pins that will not short out in your computer case like the open (bare) male 4-pins. These are very hard to get and rare pins.

Includes:

Strip of 4 pins
