

Primochill Ghost Compression Fitting - Knurled Grip - 1/2" x 3/4" - Nickel Plated Black

\$7.95

Product Images

Short Description

These PrimoChill Ghost Compression Fittings for Flexible tubing are a combination of nickel coated brass inner section with an aluminum ring for tube sealing. The aluminum outside ring makes them light weight and have a knurled texture around the outside to make tightening simple.

Description

These PrimoChill Ghost Compression Fittings for Flexible tubing are a combination of nickel coated brass inner section with an aluminum ring for tube sealing. The aluminum outside ring makes them light weight and have a knurled texture around the outside to make tightening simple.

Features

- Lightweight, low profile.
- Nickel Coated Brass interior.
- Interior Compression Oring.
- Bright Aluminum Color, or Nickel Plated Black and Silver.

Flexible Tubing Compatibility: 1/2in. ID x 3/4in. OD

Note: **Although aluminum is used for the outside anodized ring, no aluminum comes in direct contact with the fluid.*
