

Alphacool GPX SLI Connector - Triple Asymmetric

\$39.50

Product Images

Short Description

To match the new GPX graphics card coolers also SLI bridges are now available. But simple SLI bridges are not: The ability these SLI bridge to suffuse with LEDs shines either a blue Plexiglas or the Alphacool logo.

Description

To match the new GPX graphics card coolers also SLI bridges are now available. But simple SLI bridges are not: The ability these SLI bridge to suffuse with LEDs shines either a blue Plexiglas or the Alphacool logo.

Up to 4 graphics cards in SLI can thus operate the cooler all be flooded in series.

Installation is very simple via suitable fittings are included. The special connectors are on one side of the ¼" thread and on the other side just a smooth piece of pipe is that simply plugged into the SLI bridge (double O-ring). Thus the assembly can also take place when the coolers are mounted.
