Short Description

Deep, intense colors, pleasant handling and easy installation were the goals when developing this tubing generation. The result is a great choice of sizes and colors such as red, green, blue or black.

Description

Deep, intense colors, pleasant handling and easy installation were the goals when developing this tubing generation. The result is a great choice of sizes and colors such as red, green, blue or black.

When designing these tubes, one goal was to make colored coolant and hence the strain from coloring particles on the cooling loop obsolete. With these tubes the color comes from the tubes themselves.

Besides color, the installation and kinking properties are always an important factor when choosing tubing. Tight bending radiuses and easy handling in tricky situations were also taken into consideration during development. Hence the plastic mixture was developed to perfection and we have created tubing which manages to combine usually opposing properties to please both beginners and advanced users.

Specifications

Technical specifications:

- Material: PVC
- Color: UV Green
- Inner diameter: 10mm, 3/8"
- Outer diameter: 13mm, 1/2"
- Wall thickness: 1,5mm, 1/15"

Extent of delivery:

- 1x Alphacool Schlauch AlphaTube HF 13/10 (3/8"ID) - UV Green 3m (9,8ft) Retailbox

Notice

Alphacool recommended for correct operation of the water cooling distilled water!

Additional Information

Brand	Alphacool
SKU	AC-18415
Weight	2.0000
Color	UV Green
Tube Type	PVC
Tube Size	3/8" x 1/2" (10mm x 13mm)
Material	PVC
Delivery	Retail Box
Vendor SKU/EAN	4250197184151
