

Silverstone CPS03 Mini SAS SFF-8087 to SATA 8pin x4 with Sideband Cable

\$21.99

Product Images

Short Description

To meet demands from professionals and enthusiasts with high performance storage demands, SilverStone created CPS03, a cable designed for Mini-SAS devices. With sideband connection (SGPIO) feature, the CPS03 is designed for always on and reliable operation with servers or workstations. On both ends of the cable are 36 pin SFF-8087 connector and SATA 7 pin * 4 (target device) with Sideband connector made out of industrial-grade material with weave sleeving for robust and trouble-free connections. Finally, CPS03's supports a four lane design to provide top performance for any professional SAS or SATA storage systems.

Description

To meet demands from professionals and enthusiasts with high performance storage demands, SilverStone created CPS03, a cable designed for Mini-SAS devices. With sideband connection (SGPIO) feature, the CPS03 is designed for always on and reliable operation with servers or workstations. On both ends of the cable are 36 pin SFF-8087 connector and SATA 7 pin * 4 (target device) with Sideband connector made out of industrial-grade material with weave sleeving for robust and trouble-free connections. Finally, CPS03's supports a four lane design to provide top performance for any professional SAS or SATA storage systems.

Features

- Thick, shielded cable for reliable throughput
- Heavy-duty connectors ensure stable connections
- 4 lane high-performance design
- Cable length of 500mm

Specifications

Model No.	SST-CPS03
Color	Black
Connectors	SFF-8087 36pin to SATA 7 pin*4 (Target) with Sideband Cable (SPGIO)
Length	500mm
SAS ports	4

Additional Information

Brand	SilverStone Technology
SKU	SST-CPS03
Weight	0.1000
Color	Black
Vendor SKU/EAN	844761011895
