Description

Alphacool HF quick release connector with bulkhead G1 / 4 IG - Deep Black

Alphacool's new quick-release coupling sets have been newly developed to offer extra security. For this reason, these couplings do not use a "click" mechanism but are bolted with a nut. The couplings can be no longer accidentally unlocked.

The couplings do not affect the flow rate of your loop. When unlocking both sides of the coupling sealed completely.

They have a ¼" internal thread on both sides so your choice of fitting can be used.

## Specifications

---

Technical specifications:

- Dimensions (L x D): 63.9 x 26,1mm
- Material: brass black
- Thread: 2x 1/4 "
- Diameter bulkhead thread: 16mm
- Schott Thread Length: 15mm

Scope of supply:

- 1x Alphacool HF quick release connector with bulkhead G1 / 4 IG - deep black

## Additional Information

---

Brand	Alphacool
SKU	AC-17225
Weight	0.1000
Special Order	No
Fitting Type	Disconnect
Fitting Angle	Straight
Vendor SKU/EAN	4250197172257
