Short Description

Ever wanted to customize your own cable extensions to match your unique build? Now you can with ModMyToys Sleeved Wires. Made from Premium 4mm Allure sleeving for that full and thicker look of your cables. No heatshrink ensures a clean look, and each and every wire is precision cut to the same exact length for optimal results.

Description

Ever wanted to customize your own cable extensions to match your unique build? Now you can with ModMyToys Sleeved Wires. Made from Premium 4mm Allure sleeving for that full and thicker look of your cables.

No heatshrink ensures a clean look, and each and every wire is precision cut to the same exact length for optimal results.

Assembling your own custom cable extension is easy and tool-free. The ends of each wire are fitted with a color-coded silicone protector. Simply remove the protector and insert the wire - it's really that easy.

Available in a multitude of colors and lengths, the only limit to what you can do with ModMyToys Sleeved Wires is your own imagination.
