

Noctua NA-SAV2 Chromax Anti-Vibration Mounts - Yellow

\$6.95

Product Images

Short Description

The NA-SAV2 chromax series is a fan accessory set consisting of 20 NA-AV2 chromax anti-vibration mounts for up to 5 fans. The mounts are available in various colors to include Black, White, Yellow, Green, Blue and Red. Replacing standard fan screws, the NA-AV2 chromax mounts enable the convenient, quick and vibration-free installation of fans in standard mounting holes for case fans. At the same time, the chromax color edition allows the addition of subtle color accents to Noctua's redux and industrialPPC fans in order to color-

coordinate them with individual build themes
