

Aquacomputer aqualis micro for pump adapters 165 ml

\$19.25

Product Images

Short Description

The aqualis micro reservoir is the only member of the aqualis series without a glass tube. The bottom of the aqualis micro is designed to be installed directly to a pump adapter and the aqualis micro can only be used in combination with a compatible Aqua Computer pump adapter or pump module (41094, 41096, 41098 or 41100, not included in delivery)! When installed, aqualis micro and pump form a very compact unit. A G1/4 sealing screw on top of the aqualis micro can be used for easy filling.
