Description

High-speed tactile switches for feedback you can feel. With this high-performance gaming keyboard, you can make the right moves with faster, flawless, precision. Mechanical keys with high-speed “clicky” tactile feedback help you enter commands more rapidly so you can stay on top of your games.

Features

- Cherry MX Blue high-speed mechanical keys
 - Gaming-grade responsiveness and “clicky” tactile feedback superior to rubber-domed keys
 - Designed for faster response rates with less force
 - Optimized for rapid command entry with an actuation force and distance of 45 g and 4 mm, respectively
- Adjustable dual-zone backlighting
 - Set entire keyboard at any of four brightness levels, plus “Off”, to easily locate any key—even in low light
 - Adjust WASD and arrow key brightness independently from the rest of the keyboard so you don’t lose precious seconds hunting for them instead of your opponent
- 6 programmable G-keys¹
 - Three macros per G-Key—configure up to 18 unique functions per game
 - Trigger precisely-timed moves at just the right moment—single keypresses, complex macros or intricate LUA scripts
 - Create new macros on the fly without exiting the game
- High-performance gaming keys
 - All 110 are calibrated to prevent anti-ghosting—press and hold multiple keys simultaneously without fear of missing or unexpected keypresses
 - 26 key rollover—press almost any number of keys plus modifier keys (Control, Alt, Shift) in any order and get exactly what you entered
 - Durable, long-life performance tested to 50 million keypresses
- Instant media access
 - Convenient one-touch media keys are right at your fingertips for immediate control of volume, mute, media playback
 - Game/Desktop mode lets you quickly disable the Windows/Context Menu keys—no accidental interruptions when you play
- Connectivity plus comfort
 - Removable palm rest—extra support when you need it, detaches when you don’t
 - Built-in high-speed USB pass-through—quickly plug in your mouse, headset or other USB device without searching for your computer’s USB port
