## Product Images

## Short Description

Keep Intel based system cool with the CF800 from ZEROtherm. The 92mm fan sits on top of a heat sink with 4 nickel plated copper heatpipes and 2,360cm<sup>2</sup> of aluminum cooling fins. This gives you 130W of cooling power, enough to let you game to your heart's content and not worry about heat issues.

## Description

Keep Intel based system cool with the CF800 from ZEROtherm. The 92mm fan sits on top of a heat sink with 4 nickel plated copper heatpipes and 2,360cm<sup>2</sup> of aluminum cooling fins. This gives you 130W of cooling power, enough to let you game to your heart's content and not worry about heat issues.

The screw-down mounting system ensures solid contact with the CPU. It also means that you don't have to worry about it popping off when you've got your speakers cranked and everything is vibrating. The horizontal fan mount lets the cooler work even more efficiently with newer cases that have dedicated ducts to the outside to bring in cool air.

An integrated temperature sensor controls the fan motor and keeps it running between 800 and 2300rpm, usually staying under 1500rpm for an extremely quiet setup. The optimized fin design and custom housing direct airflow for maximum cooling and minimal noise.

## Features

---

- *Superior Heat Dissipation* The ZEROtherm CF800 features a polished copper base and 4-line heatpipe for maximized heat transfer and an optimized air flow design for superior heat dissipation.
- *92mm Fan with Speed Control* The ZEROtherm CF800 is equipped with a 92mm transparent fan with an automatic fan speed control via a temperature sensor for exceptional cooling and quietness.
- *Compatible with LGA 775* Compatible with LGA 775 Compatible with the LGA 775 platform, the ZEROtherm CF800 supports a wide range of Celeron D, Pentium 4, Pentium D, Pentium Extreme Edition as well as the latest Core 2 Duo and Core 2 Extreme CPUs.

## Additional Information

---

SKU	CF800
Weight	2.0000
Color	Clear
Compatibilty	Intel LGA 775
Material	Copper
Fan Dimensions	92mm
Fan Connection	4-Pin PWM
Fan RPM	2300
Fan CFM	43
Special Price	\$14.98
