Short Description

Alphacool's new Low Noise Edition of Laing DDC for absolute silence!

The widespread Laing DDC pumps grown. Freshly packed this pump can also start with a lot of confidence their lives. were changed some details.

Firstly, some was saved to power in order to create a widespread problem Remedy: The volume! No other pump can this rich in terms

of noise the water. For the most common water cooling system consisting of cooling for the CPU and GPU, this pump should be the first choice.

Description

Alphacool's new Low Noise Edition of Laing DDC for absolute silence!

The widespread Laing DDC pumps grown. Freshly packed this pump can also start with a lot of confidence their lives. were changed some details.

Firstly, some was saved to power in order to create a widespread problem Remedy: The volume! No other pump can this rich in terms

of noise the water. For the most common water cooling system consisting of cooling for the CPU and GPU, this pump should be the first choice.

Not as before this pump comes in the known plastic housing. New superbly tuned brass housing is adorning the exterior. This new housing promises a longer life of the pump. By cooling fins air flows that is routed via an internal thermal pad directly to the pump circuit board.

Another feature is the included decoupling option. The special M4 screws can in the head of the bolt or the supplied decoupling are screwed which in turn is connected to the housing.

The new feature of this set is that here V.2 Alphacool were used ice sheets, which offer the possibility of three G1 / 4 "connections for the inlet and two G1 / 4" connections for the outlet.

In addition include three G1 / 4 "screw plugs supplied to unutilized In / Out to close connections.

As an additional feature, the preassembled bracket is as we know from the previous set or the new ice creams. Thus, this pump set can be mounted directly to the housing bottom.

Now as a combination with the proven Alphacool Laing DDC Plexi ice or acetal top!

Specifications

Technical details:

Dimensions: 89 x 85 x 75mm

Black Nickel / Black

Power consumption: 10W

Material: brass, stainless steel, aluminum oxide, hard coal

Maximum rise: 2.44m

Maximum system temperature: 60 ° C

Maximum flow: 200l / h

Voltage: 12V DC

Power Connector: 4 pin Molex

Speed signal: 3 Pin Molex

Delivery:

1x Alphacool Laing DDC310 pump

1x Alphacool Laing DDC metal bottom - black nickel

1x Alphacool Laing DDC Acetal ice cap V.2

Decoupling

mounting material

Additional Information

Brand	Alphacool
SKU	AC-13196
Weight	2.0000
Color	Black
Pump Type	DDC
Pump Voltage	12 VDC
Vendor SKU/EAN	4250197131964
