

Cooler Master MasterKeys Pro L with Intelligent RGB and CHERRY MX Red Switches

\$169.99

Product Images

Short Description

Get the best of both worlds with the MasterKeys Pro L and Pro S: the brightest LEDs and the best tactile feeling that gamers have come to love. We completely redesigned the interior to fit both Cherry MX switches and big, fat, LEDs that can radiate 16.7 million colors. You also get on-the-fly macros, profile support, and easy-to-use software - all in a sleek, minimalistic design.

Description

MASTERKEYS Pro L

Get the best of both worlds with the MasterKeys Pro L and Pro S: the brightest LEDs and the best tactile feeling that gamers have come to love. We completely redesigned the interior to fit both Cherry MX switches and big, fat, LEDs that can radiate 16.7 million colors. You also get on-the-fly macros, profile support, and easy-to-use software - all in a sleek, minimalistic design.

Features

BRILLIANT ILLUMINATION

No dull, muted colors here. Patented interior design makes each LED pop-out and shine. Get bigger and brighter LEDs that radiate any color you desire.

MULTIPLE LIGHTING MODES

Change and customize per key backlighting with or without software. Presets include Color Wave, Breathing, and a handful of responsive effects.

ON-THE-FLY MACRO AND PROFILE SUPPORT

On-board processor and profile keys let you save macros and backlighting settings without hassle.

PROCESSING POWER UNLEASHED

No loading. No waiting. The MasterKeys Pro L is outfitted with the most powerful ARM Cortex M3 processor. Save and execute commands and macros instantly. You'll beat your opponent to the punch every time.
